INTENDED AUDIENCE:
This program is intended for surgical and restorative clinicians with experience in full-arch implant rehabilitation.

PROGRAM DESCRIPTION:
Research findings from multiple centers around the world suggest that immediate loading of fully functional full-arch restorations is viable and can result in high long-term implant-survival rates. Patients are also increasingly demanding such treatment. This evening program focuses on a clinical pathway for identifying appropriate treatment options for immediate full-arch restoration based on the specific considerations of the patient and presents clinical examples of treatment.

PROGRAM OBJECTIVES:
At the completion of the program, participants should be able to:
- Identify patients who are candidates for immediate full-arch rehabilitation therapy.
- Understand the preoperative steps necessary to fabricate an immediate full-arch provisional restoration utilizing the DIEM® 2 Guidelines.
- Explain the steps necessary to create and deliver the definitive prosthesis.
- Summarize the scientific basis for immediate occlusal loading in edentulous jaws.

Gary A. Morris, DDS

Dr. Morris completed his undergraduate studies at Indiana University in Bloomington, Indiana. He received his dental degree from the University of Illinois at Chicago and completed his residency in Prosthodontics at UMKC, College of Dentistry in Kansas City, Missouri. He is a former Clinical Assistant Professor at both the University of Illinois and Southern Illinois University where he sat on the committee that formed the SIU Dental Implant Center. He is a member of the American College of Prosthodontics, Academy of Osseointegration, ADA, ISDS, CDS and the Chicago Academy of Dental Research. Dr. Morris sits on the Private Practice Committee for the American College of Prosthodontics. He has lectured extensively both nationally and internationally on implant prosthodontics and has authored or co-authored numerous articles related to implant topics. He maintains a private practice, limited to prosthodontics and restorative dentistry in Buffalo Grove, Illinois.

DATE:
Wednesday, October 28, 2015

VENUE:
DoubleTree by Hilton
6200 Quarry Lane
Independence, Ohio 44131-2218

REGISTRATION AND CANCELLATION POLICY

Registration is limited to practicing clinicians. In order to provide each course participant with a focused and personalized educational experience, the number of registrants is limited for each course. Registration is accepted on a first-come, first-served basis. BIOMET 3i reserves the right to cancel a course no later than 14 days prior to the course date. Please be aware that BIOMET 3i is not responsible for reimbursement of travel expenses in the event that a course is cancelled.

ADA CERP

BIOMET 3i is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. BIOMET 3i designates this activity for 2 continuing education credits. Continuing Education credits awarded for participation in the CE activity may not apply toward license renewal in all states. It is the responsibility of each participant to verify the requirements of his/her state licensing board. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

TRANSPARENCY REPORTING

All payments and “transfer of value” items provided to health care providers will be reported as required by federal and state laws and regulations. “Transfer of value” items include meals and continuing dental education credits.

The Institute for Implant and Reconstructive Dentistry is the Training and Education Department of BIOMET 3i LLC.
